

## Resume Summary for Deb Clancy

Since 2001, I have been employed by the Washtenaw Intermediate School District (WISD). I assist Washtenaw County public schools with their systemic school improvement efforts and serve as a facilitator and resource specialist to support county public schools through an organizational change process. I provide technical assistance to local districts and schools on all aspects of Title I and No Child Left Behind. I work with WISD colleagues to provide additional technical assistance to ensure that districts and schools are meeting Michigan Public Act requirements and serve as WISD's principal contact on State and Federal program issues. I will complete my Education Specialist in Administrative Leadership in August 2008.

Prior to working at WISD, I was an associate director for the Michigan North Central Association Commission on Accreditation and School Improvement (NCA CASI). While at NCA, I assisted member schools with their systemic school improvement efforts and served as a facilitator and resource specialist to support NCA schools through an organizational change process. Additionally, I provided technical assistance to schools as they develop comprehensive improvement plans based on a self-assessment of current student performance. I oversaw the Title I Schoolwide services for Michigan NCA.
